

Required Personal Protective for work is as simple as 1, 2, 3!

1. SAFETY SHOES: Everyone must wear footwear with a composite or steel toe. Get your free pair annually using the Zappos at work program!

2. WORK GLOVES: Gloves are required to be worn while handling packages. You can get a pair from the vending machine each week at HDY1.

3. HIGH VISIBILITY VEST: Visibility to other motorists is an important part of our safety program. Be sure you are wearing your high visibility vest daily.
